Re: Carlos Alberto Torres, 88976-024, FCI Pekin

Dear Commissioners:

We write to urge you to adopt the recommendation of your hearing examiner and order the release of Carlos Alberto Torres.

We believe that there is no reason for the intervening disciplinary charges to adversely affect your decision. Not only has Carlos maintained an impeccable disciplinary record for 29 years; but the person responsible for possessing the hidden weapons confessed, telling the prison disciplinary committee that Carlos knew nothing about the weapons.

There is no risk in ordering his release. He enjoys wide support from the whole of civil society in Puerto Rico, and his co-defendants have accumulated an impressive record of support and respect in the ten years since their release.

We urge you to order his release as recommended. We are anxious to welcome Carlos home after three long decades behind bars.
